

In 1989, the Friends of McGilvray Road formed a volunteer organization and created a partnership with the Wisconsin D.N.R. to restore six historically significant bridges of the McGilvray Road, located in the Van Loon Wildlife Area, La Crosse Co., WI.

Membership dues and contributions provide FMR a means of

- * Funding for safety and maintenance of the six bridges and trail.**
- * Conducting educational walks and community awareness programs.**
- * Distribution of newsletters, publications and trail maps.**
- * Providing a volunteer base.**

Visit our website at : www.7bridgesrd.org

Friends of McGilvray Road is a 501 (c) (3) organization. Donations are tax deductible as allowed by law.
